

## Companies

Explosive proof enclosures, fittings, housings, increased safety enclosures, stainless steel enclosures

Fuses, terminal blocks, power distribution blocks and protective products for OEM accounts

Current transformers, potential transformers

Terminal Blocks

Circuit Breakers and Overcurrent Protection Devices

Hazardous area purge and pressurization systems

Dry Type Transformers and Custom Magnetics

Cable solutions and power supplies

Cam locks, Locking Devices, Battery Chargers, Pin and Power Connectors

Control power transformers, enclosed general purpose transformers, power supplies

Reactors, Harmonic Filters, Link Chokes

Filter fans, cooling units, air/water heat exchangers, chillers and heaters for enclosures and cabinets

Dynamic braking resistors, neutral grounding resistors, crane control resistors, motor control, high resistance grounding systems

Signal Conditioning Devices

Fiberglass, Polycarbonate & PVC Electrical and Instrumentation enclosures.

VIRGINIA TRANSFORMER CORP

Liquid Transformers from 500 KVA – 100MVA, Dry Type VPI Transformers from 300KVA – 10MVA, Reactors

Modular bus bar technology
